December – It's Christmas!

Back To School - Fun Facts about Braces!

1. The braces you see today are more effective because of a technology created by NASA.
2. The first evidence found of orthodontic appliances date back to 1000 BC on the Ancient Egyptians.
3. The first braces were made of gold. Patients had to come back frequently because the gold would get too soft and move.
4. Orthodontics first became a professional specialty in the 1930's.
5. Nearly 25% of Orthodontic Patients compromise their treatment because they didn't wear their retainers as instructed ... So wear your retainers!

Reminder!

Accounts 60 days past due are charged a \$20 bookkeeping late fee.

Financed accounts are set up on automatic draft. Should the card on file expire or a new one is received please contact our office immediately to update the card on file so no late fee is incurred.
